MORE NEW FICTION NOW

AT EARLINGTON LIBRARY

Additional Attractive Books Just Put on the Shelves—Last Lot Busy.

Additional books of new fiction have been received at the Earlington Free Library this week and are now offered to the Earlington public on the same free terms as ever, to wit, that they will take care of the books while in their possession and will not keep them out of the library beyond the liberal time limit allowed by the rules of the institution. Those books announced in The Bee last week were quickly taken out and are now being enjoyed by a number of the regular visitors to the library. Good fiction always in demand there and the valuable reference works and general library volumes are frequently used. The institution is kept on duty each afternoon and evening, except Sundays, by and at the expense of the St. Bernard Mining Company. No charge is made in any way, except in the event of loss or destruction of books, or the usual minimum fine for keeping books out beyond the time limit allowed in the management of such institutions generally.

The last books on file are: The Lass of the Silver Sward, The Uncrowned King, The Valise of Ignorance, The Ochrasyis, Mollie Make-Believe, and The Rosary. You are invited to read. It's "first come first served" with the librarians.

The greatest danger from influenza is of its resulting in pneumonia. This can be obtained by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease toward pneumonia. Sold by George King & Sons.

MISS EILEEN GOLD

OF MADISONVILLE

Secures Scholarship in one of the Best Schools of England.

Miss Eileen Gold an estimable young lady of Madisonville and one of the teachers in the Graded School has resigned her position as teacher on account of securing a scholarship in one of the best schools in England. In order to enter this school it is necessary for her to take a two year preparatory course in the Georgetown University and Miss Gold will enter this University in a short time. This is the first case on record where a Kentucky girl has secured one of these scholarships and it is an honor that Miss Gold may well be proud of. The scholarship was secured through the "Women's Federation Club" and Miss Gold was the first one from Kentucky to apply for it.

NO TRACE OF MISSING MEN

Arthur Miles, Who Escaped From Hopkinsville Asylum, Still at Large.

No trace has been discovered of Arthur Miles and J. William Proctor, asylum inmates, who overpowered an attendant and escaped from the institution here Wednesday afternoon. A horse stolen from P. M. Owens Wednesday at midnight was found in South Christian, not far from Bennettsburg, Miles' former home, close to the Tennessee line. It is generally believed Miles has made his way to Tennessee, where his wife resides. Diligent search has been made by asylum officials and employees and city and county authorities since the escape was reported. No reward for the capture of the men has been announced.

Superintendent Sights formally reported the escape to Governor Wilson, and it is expected that the state will offer a reward for the return of Miles.

Children take BALLARD'S HOREHOUND SYRUP willingly because it tastes nice. There isn't a better remedy anywhere for children's coughs, colds, croup and bronchitis. It's a good medicine and easy to take. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co. (Inc.) drug department.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Great dealer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c at all druggists.

A Statement to the Public.

On account of the Opera House at Madisonville being closed I have been able to secure the Lyman Twins for one night Saturday Dec. 10. This show was booked for Madisonville on above date and agreed to come to Earlington only after I had written the second time and urged them to come. They claim the people of Earlington did not appreciate their former efforts at this place and the attendance was poor. I can guarantee the Lyman Twins to be a first class high class show and trust my patrons will give them a good house on the night of December 10. W. S. McGARY.

AMERICAN GIRL SAVED FROM MEXICAN HANDS

Miss Rolph, of Nebraska, Rescued, Almost Exhausted From Ill Treatment and Exposure.

Tampico, Mexico, Nov. 29.—Miss Grace Rolph, the 17-year-old Nebraska girl who disappeared from a ranch near Tampico several weeks ago, has been rescued and brought here.

She says she suffered indignities at the hands of Segado Selivero, a noted bandit. The girl was almost exhausted from ill-treatment and exposure.

Miss Rolph was found Saturday about fifty miles inland from Tampico, deserted. A small band of rurales and two or three Americans were in the rescuing party which brought the young woman to Tampico. Dr. Rolph, of Pender, Neb., the father of the girl, was in the searching party and is now with her.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by George King & Sons.

THERE IS A REASON

Why it pays to advertise in the **BEE** WEEKLY BEE:

It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Morton's Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

EARLINGTON UP-TO-DATE AS USUAL

A communication was recently received here from a representative of the Kentucky Library Commission offering to send to Earlington a "traveling library" for the temporary use of the people of this progressive town. The offer was a generous one and is appreciated. It was made because Earlington is a mining town and the commission has just now undertaken to put there "traveling libraries" into mining towns of Kentucky; and in this, as in other of the Library Commission's activities, their work is most praiseworthy. Fortunately, however, Earlington has for many years been well fortified with free libraries and the proffered assistance was not needed.

We have had for a number of years two such institutions, well stocked with books of various kinds and with current literature and fiction, to wit, the Earlington Free Library and the Colored Reading Room. A lot of fresh, new books of fiction have just been announced in these columns as received at the Free Library and a supplemental list appears in this number.

James J. Hill, of the great Northern Railroad, has just published interview which establishes him as the "Jim Jinks" of America pessimists. And his "loophole" is being widely quoted and believed. Mr. Hill must have been mad when he spoke thus hastily and harshly, for it was only on the 21st of November that he spoke encouragingly of the business prospects of the country. He then said in New York: "The country is cautious. It is not running on high speed, and that is a good thing, for we won't have a broken axle." Now, in his mad interview, he more than breaks all the axles in the future prospect he there represents, picturing the United States for next year as a veritable "Deacon's One-horse Chase." There is to be nothing left but the driver, and drivers occupation will be gone.

A New Stunt For Earlington.

The first game of the season, played by the girls' basketball team, recently organized, was played by the girls of the High School and eighth grade at the rink Thanksgiving night. A large crowd witnessed the game, which was intensely interesting from beginning to end.

Some of the girls on both sides played like professionals, but the eighth grade won by a score of 16 to 2. The large victory being partly due to the fact that the High School girls had so little practice. Several other games will be played during the winter.

The peculiar properties of Chamberlain's Cough Remedy have been thoroughly tested during epidemics of influenza, and when it was taken in time we have no doubt of a single case of pneumonia. Sold by Charles Kline & Co.

There is more Chamberlain's Cough Remedy in the world than in all other diseases put together, and within a few years we suppose it to be in such demand. For a long time doctors pronounced it a local disease and prescribed local remedies, but by constantly failing to cure with local treatment, pronounced it for a constitutional disease and the use of local remedies was abandoned. Chamberlain's Cough Remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in the form of drops in a teaspoonful, taken directly on the tongue and on the surface of the tongue. They are best taken before or after meals. Address: F. J. Good Woman Gone.

Mrs. B. O. Moore, of Madisonville, died at her home on North Main street, Wednesday night, at 11:30 o'clock, of heart disease. Had just returned home Wednesday evening at 7:30 o'clock from a three weeks' visit to her daughter, Mrs. W. O. Hutchens, of Henderson, Ky. She was in apparent good health, until 11:30, when she complained of a smothering sensation, of which she has been subject to for several years and died in her husband's arms.

She joined the Christian church in 1876 and later cast her membership with the General Baptist church, of which she was a constant member until her death.

She is survived by a husband, two brothers and two daughters, Walter Tarter, of Earlinton, and James L. Tarter, of Evansville, Ind.; Mrs. W. O. Hutchens, of Henderson, and Mrs. Jesse Baird, of Madisonville.

Funeral services were conducted at her home on N. Main street by the Rev. W. H. Moore, of Grapetown, and in the presence of her sorrowing relatives and friends. She was laid to rest at Mount Zion cemetery.

A Southern Magazine

Six years have passed since we ventured to publish a Magazine representative of the South and West. Today we stand alone in the light of a successful and progressive literary Magazine, devoted exclusively to the interest of the Southern and Western People. The field which we represent cannot be covered by any other publication, that is why we stand on solid ground. We are instrumentalizing the development of our Southern Industries. We give the people an opportunity in real of what is being done today. This is a brief outline of what the Taylor-Fruitwood Magazine is doing. We are satisfied that this is the best one dollar and fifty cent magazine published, but we are not satisfied with our mailing list. You may get other magazines for less than \$1.50, but you can't get the Taylor-Fruitwood. It is worth that at least.

The Famous Rayo

The Lamp with Diffused Light

should always be used where several people sit, because it does not strain the eyes of those sitting far from it.

The Rayo Lamp is constructed to give the maximum diffused white light. Every detail that increases its light-giving value has been included.

The Rayo is a low-priced lamp. You may pay \$5, \$10 or even \$25 for other lamps and get a more expensive container—but you cannot get a better light than the Rayo gives.

This season's Rayo has a new and strengthened burner. A strong, durable shade-holder keeps the shade on firm and true. Easy to keep polished, as it is made of solid brass, finished in nickel.

Once a Rayo User, Always One.

AD-TALK

What would you think of a salesman who reported for duty one day, lay off for two, worked a half day, went off for a week and so on without any regularity? Surely you would not expect good service from such a man. And yet some merchants hold advertising, which is simply a "salesman," up to great results when it is allowed to "work" very irregularly. The fact that advertising costs money is proof of its value. Things without cost are usually worth only their price.
